

Rohrverbindungsteile und Armaturen für die Lebensmittel- und Pharmaindustrie

*Pipe connections and equipment
for food and pharma industrie*

Edelstahlservice Sulz

garantiert Lieferung innerhalb von 24 Stunden aus unserem großen neuen Hochregallager in Sulz a.Neckar. Auf über 10000 Modulplätzen lagern wir in Gitterboxen bis 1200 Kg und Tabellen bis 350 KG durchschnittlich 280 Tonnen Rohrzubehör. Charginreine Lagerung garantiert Rückverfolgung unserer Produkte und bieten Ihnen einen unübertroffenen Service.

Unsere Fertigung ergänzt unser Lagerprogramm in allen Problemfällen die eine Sonderfertigung erfordern. Selbstverständlich zertifiziert nach ISO 9001, sowie zugelassen durch den TUEV nach AD-2000, TRD 100, 1253/1.

Standort Nähe zählt zu einem unserer großen Pluspunkte, in Borna, Düsseldorf, Stuttgart, Norderstedt und Potsdam sprechen wir Ihre Sprache.

Testen Sie uns.

Die vorliegende Preisliste entstand aus der Erfahrung unseres 30 jährigen Bestehens. Seit 1974 führen wir alle in dieser Liste aufgeführten Artikel aus Lagervorrat. Diesen Grundsatz der optimalen Verfügbarkeit unserer Produkte werden wir auch weiterhin beibehalten und ausbauen.

Edelstahlservice Sulz

guarantees delivery within 24 hours from our large new high rack warehouse in Sulz a. Neckar. On average we store 280 tons of piping accessories in grid boxes up to 200 kg and in table form up to 350 kg on over 10000 module spaces. Batch-clear storage assures identification of our products and offers you an unrivalled service.

Production complements our stock program in all problem cases which require special production. As a matter of course, certified in accordance with ISO 9001, as well as approved by the TUEV in accordance with AD-2000, TRD 100, 1253/1.

Location proximity is a big advantage, we speak your language in Borna, Düsseldorf, Stuttgart, Norderstedt und Potsdam.

Test us.

This price list has evolved from the experience of 30 years' business. Since 1974 we have run every item listed here out of stock. We will continue to maintain and strengthen the principle of optimal availability of our products.

Bruttopreisliste

gültig ab 01.01.2004

Die Preislistenunterlagen werden sorgfältig erstellt, Irrtum vorbehalten. Formelle, technische sowie preisliche Änderungen behalten wir uns vor. Mit Erscheinen dieser Preisliste verlieren alle vorherigen Preislisten ihre Gültigkeit.

Allen Lieferungen liegen die gültigen Liefer- und Zahlungsbedingungen von Edelstahlservice Sulz zugrunde.

Mengenrabatte erfragen Sie bitte in der für Sie zuständigen Niederlassung.

Preise in Euro, jeweils zzgl. der aktuellen Legierungszuschläge. Bitte erfragen bzw. abrufen unter www.edelstahl.de.

Gross price list

Valid as from 01.01.2004

Price lists are compiled with care, but subject to errors and omissions. We reserve the right to make formal or technical changes, as well as to adjust prices. All previous price lists become invalid upon publication of this price list.

All deliveries are subject to the applicable Terms of Delivery and Payment of Edelstahlservice Sulz.

Please contact your local branch for further information on any bulk discounts which may be applied.

Prices are quoted in euros, excluding the current alloying surcharges. These are available on request or can be obtained at www.edelstahl.de.

"Wissen ist Macht." Oder: Wer gut informiert ist besitzt Marktvorteile.

Edelstahlservice-Kunden sind immer einen Schritt voraus. Sie informieren sich über unsere Qualitätsprodukte im Edelstahlservice-Gesamtkatalog oder in der Edelstahlservice-Preisliste.

Weil diese beiden Publikationen aber weitaus mehr bieten als reine Produktaufzählungen und Preisangaben werden sie von Insidern bereits als äußerst hilfreiches Kompendium verwendet. Hiermit erhalten Edelstahlservice-Anwender wertvolle Informationen, u.a. zu den Produktbereichen Fittings, Armaturen, Verschraubungen und Rohre, die sie in vorteilhaftere Markt- und Branchenpositionierungen umsetzen können.

Übersichtlich und klar gegliedert, mit präzisen, detaillierten technischen Beschreibungen sowie mit vielen interessanten Hinweisen zu besonderen Produktmerkmalen, Werkstoffeigenschaften, Normierungen u.v.m. lassen sich unsere Kataloge und Preislisten als aussagekräftige Ratgeber zum Thema Rohrverbindungen nutzen.

Fordern Sie am Besten gleich den Gesamtkatalog und/oder die Preisliste an. Sie werden sehen, es lohnt sich.

Bestellung per Post an:

Edelstahlservice GmbH
Gottlieb-Daimler-Str. 8
72172 Sulz a. Neckar

Oder setzen Sie sich telefonisch mit einer unserer Niederlassungen in Ihrer Nähe in Verbindung. Wir freuen uns auf Ihren Anruf.

Immer auf dem Laufenden unter www.edelstahl.de

Selbstverständlich haben Sie auch die Möglichkeit sich alle Informationen über das Internet zu beschaffen. Außer den vorher beschriebenen Vorteilen kommt hinzu, dass Sie immer aktuell und schnell über Neuheiten und Veränderungen informiert werden. So finden Sie auf unserer Website immer etwas Interessantes:

- Neueste Preislisten und Produktinformationen
- Infos über Normen und Materialien
- Aktuelle Legierungszuschläge
- Neuigkeiten über unsere Niederlassungen
- Messeinformationen und vieles mehr

Oder abonnieren Sie unser Newsletter und erhalten Sie alle aktuellen Infos bequem und unverbindlich per eMail. Anmeldung auf unserer Website unter:

www.edelstahl.de

"Knowledge is power"
Or: Anyone who is well informed has market advantages.

Edelstahlservice customers are always one step ahead. Find out about our quality products in the Edelstahl-service complete catalogue or in the Edelstahlservice price list.

Because both of these publications offer far more than mere product listings and price details, they are already used by insiders as the most helpful compendium. Herewith Edelstahlservice users receive valuable information, covering the product areas: fittings, mounting, connections and pipes, which you can implement in profitable market and industry positioning.

Order by post:

Edelstahlservice GmbH
Gottlieb-Daimler-Str. 8
72172 Sulz a. Neckar

Or call our branch office nearby. We will be pleased to hear from you.

**"Always up-to-date at
www.edelstahl.de**

Of course you have the option of acquiring all the information online. In addition to the previously described advantages, you are continually updated on new things and changes. You will always find something of interest on our Website:

- Latest prices lists and product information
- Info on standards and materials
- Current alloy surcharges
- News on our branches
- Information on trade fairs and much more

Or subscribe to our newsletter and receive all up-to-date information conveniently by email without obligation. Logon to our website at:

www.edelstahl.de

Structured clearly and concisely, with precise and detailed technical descriptions as well as many interesting references to specific product features, material properties and standardisations, our catalogue and price lists can be used as an important advisor on the subject of pipe connections.

We recommend that you request the complete catalogue and/or price list at the same time. You will see it is worthwhile.

Technical drawing of a T-joint. The drawing shows a cross-section of a T-joint with dimensions labeled: A (horizontal distance from centerline to edge), B (vertical distance from centerline to bottom edge), C (vertical distance from top edge to centerline), D (vertical distance from top edge to bottom edge), and E (horizontal distance from centerline to edge of the vertical member).

HB04**

butterfly valve
SV04 IDF MM
handle HB04

Technical drawing of a mechanical part. The drawing shows a side view of a component with a cylindrical body and a flange. Dimensions are indicated as follows: A is the total width of the base, B is the diameter of the base, C is the length of the shaft, D is the diameter of the shaft, and E is the height of the flange.

butterfly valve
SV04 DS LM
handle HB04

Technical drawing of a mechanical assembly. The drawing shows a side view of a component with a central shaft and a flange. Dimensions are labeled as follows: A is the total length of the shaft; B is the diameter of the shaft; C is the total length of the assembly; D is the diameter of the flange; E is the length of the flange; and ØB is the diameter of the shaft.

**HyCom-
Federsicherheits-
ventil
manuell**

**HyCom-safety valve
spring loaded
manual**

Technical drawing of a HyCom-safety valve, spring loaded, manual. The drawing shows a side view of the valve with dimensions A, B, C, D, and E. The valve has a manual lever on the side and a spring-loaded mechanism. The bottom flange is labeled DN and E. The overall height is C, the width of the base is A, the width of the body is B, and the width of the top flange is D.

**HyCom-
Federsicherheits-
ventil
pneumatisch**

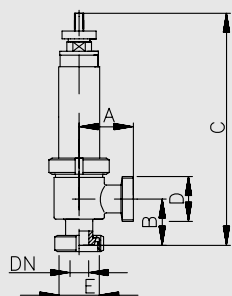

**HyCom-safety valve
spring loaded
pneumatic**

Technical drawing of a HyCom-safety valve, spring loaded, pneumatic. The drawing shows a vertical assembly with a piston and a spring. Dimensions A, B, C, D, and E are indicated. A is the diameter of the main body, B is the diameter of the outlet, C is the total height, D is the diameter of the outlet flange, and E is the diameter of the base. The base is labeled 'DN' and 'E'.
